

Amasango Charitable Trust

Penny Whitford's CV

Studied at Rhodes University. B. Mus, R.U.L.M (School Music)

I taught class music/recorder in a part time or full time capacity throughout my working life. I retired to Grahamstown in 2004 since when I have taught marimba groups at Grahamstown Cathedral and at Amasango Career School and the Eluxolweni Shelter. At present I only teach at the Cathedral.

At Amasango I became aware that a Friends of Amasango organisation similar to the one in the UK was very necessary for the continued support of the school and I helped work towards that goal.

I am married with 3 children and 10 grand children.
